### **About Blind Shack**

President and CEO, Gary Twiggs, has over twenty-two years of experience in the window treatment industry. He founded Gary Twiggs Custom Blinds in the 1980's and worked for many years to make himself a recognized figure in the Cape May and Atlantic County, New Jersey areas.

An energetic man in his forties, Gary has always had a lot of fun and enjoyment with his shop-at-home business, and believes that all people should enjoy their job. He is an expert in sales, marketing and custom installation. He is married with two children, has a passion for fishing and resides in New Jersey.

Gary has been in business for himself since he was 15 years old, doing many of the normal things that a teenager does when they decide to become an entrepreneur, such as mowing lawns, carpentry and house painting. He chose this road partly to be his own boss, and partly because a conventional job wouldn't allow him the time to indulge in his favorite sport: fishing.

By the time he was in his 20's, Gary was doing quite well with his house painting business. Whenever he would paint a room, he would

take down any window treatments and re-hang them when the job was finished. Many of his customers told him that the re-hanging looked better than the original and the idea was born. He did a lot of research into finding reputable blind, shade and window covering vendors who handled quality products with good pricing and delivery. So began Gary Twiggs Custom Blinds, and the slogan, "Add Some Class to Your Glass."

Business grew and about 14 years ago, Gary hired Steve, who is still with Blind Shack today. Gary trained Steve to do custom installation, using his own experience to draw on. As time went on, Gary refined his business until he found a solid workable formula that has helped him to achieve and enjoy the success that he was looking for.

In 2004, Gary began to think about all he had learned and built into his business. He wanted to show others how they, too, could succeed and have fun in the process. In January 2005, Blind Shack made its debut in the world of franchises, and it is our sincere hope that we can help others to succeed and enjoy their franchise as much as Gary has enjoyed his shop-at-home business.
